

# Guideline on Pool Registration

## Pool Registration

**Step 1** Login the home page: <https://pool.btc.com>

**Step 2** Click the "Sign Up" button:

**Step 3**

Create a new account with your mobile phone number or email address:

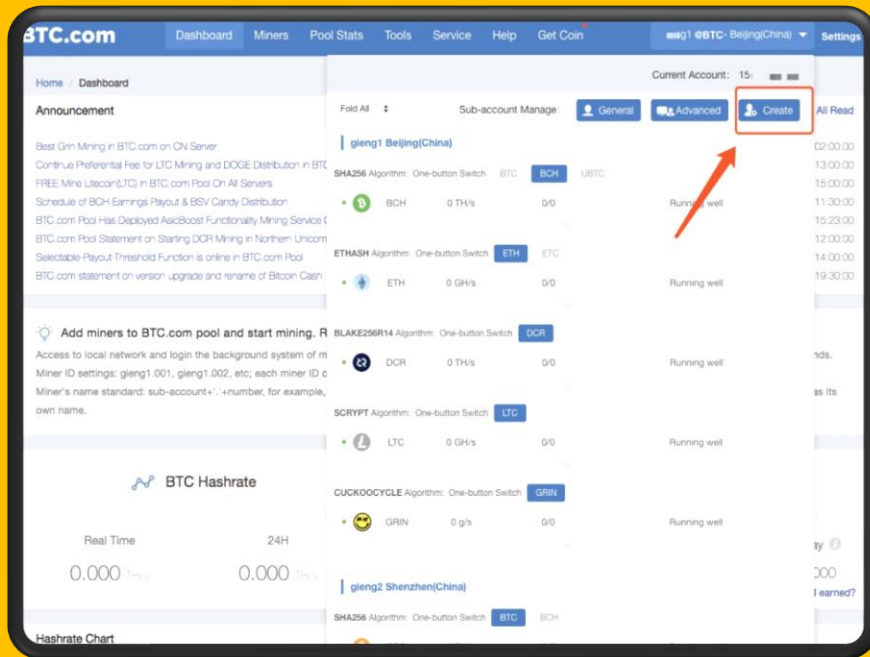

A screenshot of the BTC.com account creation form. The form is titled "Create BTC.com Account". It asks "Which one do you want to use for the account?" with two radio button options: "Mobile Phone" (selected) and "Email". Below the options, there is a checkbox for "I have read and agree User Agreement". A blue "NEXT" button is at the bottom right. At the bottom left, there is a link for "Already have an account? Sign in".

# Create Sub-account

The initial creation of a pool account requires a mining sub-account.

## Step 1

Click account name on the top right, in the sub-account manage page of the drop-down list, click “Create” .

## Step 2

Fill in the information needed.

**Remark:**

Withdraw address is not a must item. If the address is not filled, your revenue will be stored in your sub-account temporarily.

(If the withdraw address was not filled when creating the sub-account, after adding or changing later, there will be a protection time for 24hours).

# Mining Address

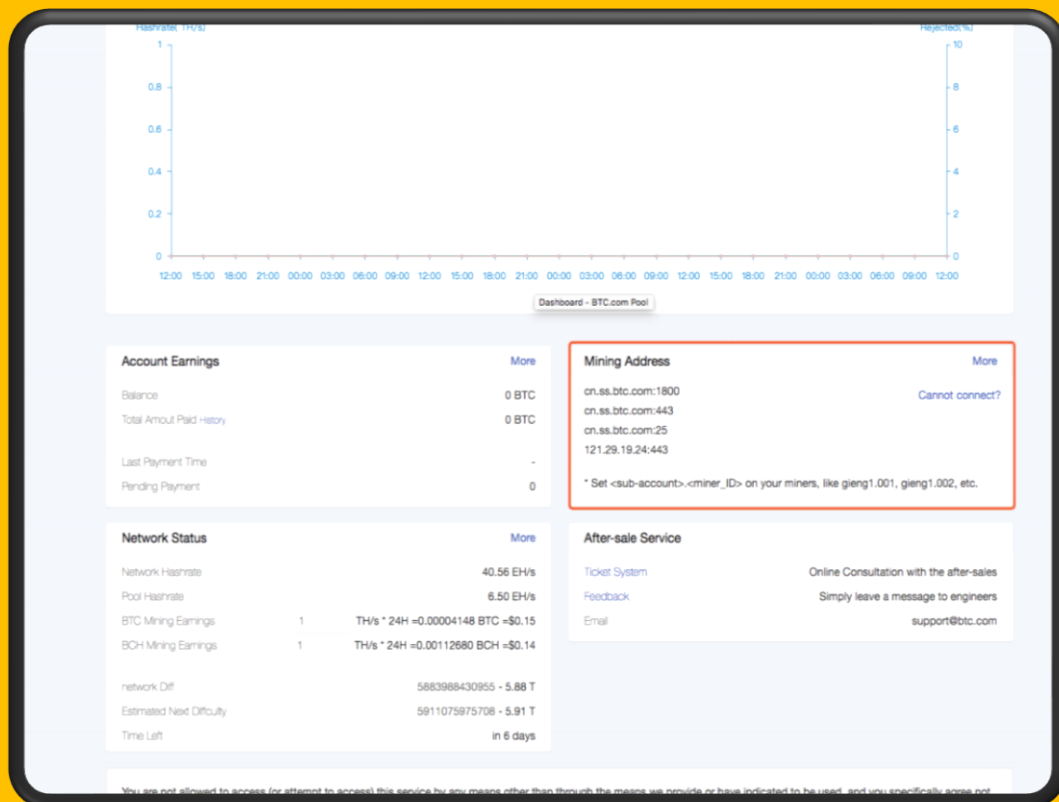

## Check mining address for specified sub-account

### Step 1

Click sub-account name on the top right, choose the relevant sub-account from the drop list.

### Step 2

Enter sub-account Dashboard, roll the page to the bottom, and find the mining address on the right.
